Dear WHS Families:

The following is a link to the enhanced learning opportunities that our faculty prepared for our students.

<https://sites.google.com/westonps.org/weston-high-school-elo>

You will see that departments are listed on the left side with each department course listed from a drop down menu. Students should select their particular course and familiarize themselves with the tasks that are listed. There is an array of videos, links, and tasks related to each course. Please note that our school counseling department has created tasks by grade level also.

We recommend the following steps:

- Read through each course and familiarize yourself with its corresponding activities
- Design a customized plan based on your academic strengths and challenges as well as your interests
- Identify a specific schedule including time and where you will work
- Put forth your very best effort and dedicate yourself to these academic pursuits for several hours each day. It is important that you engage in learning every school day.

This is the perfect time to practice and hone your critical and creative thinking skills. Although the work is not required or graded, we hope that every student takes advantage of this site. It is your opportunity to craft your own learning plan and grow academically without the pressure of grades. I am thinking of you, miss you, and hope that you are all staying healthy. This is a challenging time. Working together we are committed to our students' academic progress. Thank you. Be well.

Sincerely,

Lisa Wolak  
Principal
